INFORMATION REGARDING THE REAL ESTATE SELLER DISCLOSURE LAW

Generally speaking, the Real Estate Seller Disclosure Law (68 P.S. §7301 et seq.) requires that before an agreement of sale is signed, the seller in a residential real estate transfer must make certain disclosures regarding the property to potential buyers in a form defined by the law. A residential real estate transfer is defined as a sale, exchange, installment sales contract, lease with an option to buy, grant or other transfer of an interest in real property where NOT LESS THAN ONE AND NOT MORE THAN FOUR RESIDENTIAL DWELLING UNITS are involved. The Law defines a number of exceptions where the disclosures do not have to be made:

- 1. Transfers that are the result of a court order.
 - 2. Transfers to a mortgage lender that result from a buyer's default and subsequent foreclosure sales that result from default.
- 3. Transfers from a co-owner to one or more other co-owners.
- 4. Transfers made to a spouse or direct descendant.
- 5. Transfers between spouses that result from divorce, legal separation, or property settlement.
- 6. Transfers by a corporation, partnership or other association to its shareholders, partners or other equity owners as part of a plan of liquidation.
 - 7. Transfer of a property to be demolished or converted to non-residential use.
 - 8. Transfer of unimproved real property.

- 13 9. Transfers by a fiduciary during the administration of a decedent estate, guardianship, conservatorship or trust.
 - 10. Transfers of new construction that has never been occupied when:
 - a. The buyer has received a one-year warranty covering the construction;
 - b. The building has been inspected for compliance with the applicable building code or, if none, a nationally recognized model building code; and
 - c. A certificate of occupancy or a certificate of code compliance has been issued for the dwelling.

In addition to these exceptions, disclosures for condominiums and cooperatives are limited to the seller's particular unit(s). Disclosures regarding common areas or facilities are not required, as those elements are already addressed in the laws that govern the resale of condominium and cooperative interests.

While the Law requires certain disclosures, this statement includes disclosures beyond the basic requirements of the Law in an effort to assist sellers in complying with seller disclosure requirements and to assist buyers in evaluating the property being considered. Sellers who wish to see or use the basic disclosure form can find the form on the Web site of the Pennsylvania State Real Estate Commission.

This Statement discloses Seller's knowledge of the condition of the property as of the date signed by Seller and is not a substitute for any inspections or warranties that Buyer may wish to obtain. This Statement is not a warranty of any kind by Seller or a warranty or representation by any listing real estate broker, any selling real estate broker, or their licensees. Buyer is encouraged to address concerns about the conditions of the property that may not be included in this Statement. This Statement does not relieve Seller of the obligation to disclose a material defect that may not be addressed on this form.

A material defect is a problem with a residential real property or any portion of it that would have a significant adverse impact on the value of the property or that involves an unreasonable risk to people on the property. The fact that a structural element, system or subsystem is at or beyond the end of the normal useful life of such a structural element, system or subsystem is not by itself a material defect.

Check yes, no, unknown (unk) or not applicable (N/A) for each question. Be sure to check N/A when a question does not apply to the property. Check unknown when the question does apply to the property but you are not sure of the answer.

- 2. Are you aware of any sliding, settling, earth movement, upheaval, subsidence, sinkholes or earth stability problems that have occurred on or affect the property?
- 3. Are you aware of sewage sludge (other than commercially available fertilizer products) being spread on the property, or have you received written notice of sewage sludge being spread on an adjacent property?
- 4. Are you aware of any existing, past or proposed mining, strip-mining, or any other excavations that might affect this property?

Note to Buyer: The property may be subject to mine subsidence damage. Maps of the counties and mines where mine subsidence damage may occur and mine subsidence in-surance are available through: Department of Environmental Protection, Mine Subsidence Insurance Fund, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (800) 922-1678 (within Pennsylvania) or (724) 769-1100 (outside Pennsylvania).

(B) Preferential Assessment and Development Rights

Is the property, or a portion of it, preferentially assessed for tax purposes, or subject to limited development rights under the:

- 1. Farmland and Forest Land Assessment Act 72 P.S. §5490.1 et seq. (Clean and Green Program)
- 2. Open Space Act 16 P.S. §11941 et seq
- 3. Agricultural Area Security Law 3 P.S. §901 et seq. (Development Rights)
- 4. Any other law/program:

Note to Buyer: Pennsylvania has enacted the Right to Farm Act (3 P.S. § 951-957) in an effort to limit the circumstances under which agricultural operations may be subject to nuisance suits or ordinances. Buyers are encouraged to investigate whether any agricultural operations covered by the Act operate in the vicinity of the property.

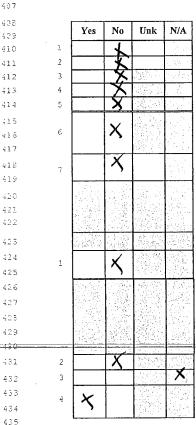

(C) Property Rights

Are you aware of the transfer, sale and/or lease of any of the following property rights (by you or a previous owner of the property):

- 1. Timber
- 2. Coal
- 3. Oil
- 4. Natural gas
- 5. Other minerals or rights (such as farming rights, hunting rights, quarrying rights) Explain:

Note to Buyer: Before entering into an agreement of sale, Buyer can investigate the status of these rights by, among other means, engaging legal counsel, obtaining a title examination of unlimited years and searching the official records in the county Office of the Recorder of Deeds, and elsewhere. Buyer is also advised to investigate the terms of any existing leases, as Buyer may be subject to terms of those leases.

Explain any "yes" answers in section 17:

18. FLOODING, DRAINAGE AND BOUNDARIES

(A) Flooding/Drainage

- 1. Is any part of this property located in a wetlands area?
- 2. Is the property, or any part of it, designated a Special Flood Hazard Area (SFHA)?
- 3. Do you maintain flood insurance on this property?
- 4. Are you aware of any past or present drainage or flooding problems affecting the property?
- 5. Are you aware of any drainage or flooding mitigation on the property?
- 6. Are you aware of the presence on the property of any man-made feature that temporarily or permanently conveys or manages storm water, including any basin, pond, ditch, drain, swale, culvert, pipe or other feature?
- 7. If "yes," are you responsible for maintaining or repairing that feature which conveys or manages storm water for the property?

Explain any "yes" answers in section 18(A), including dates and extent of flooding and the condition of any man-made storm water management features:

(B) Boundaries

1. Are you aware of any encroachments, boundary line disputes, or easements affecting the property?

Note to Buyer: Most properties have easements running across them for utility services and other reasons. In many cases, the easements do not restrict the ordinary use of the property, and Seller may not be readily aware of them. Buyers may wish to determine the existence of easements and restrictions by examining the property and ordering an Abstract of Title or searching the records in the Office of the Recorder of Deeds for the county before entering into an agreement of sale,

2. Do you access the property from a private road or lane?

SPD Page 8 of 10

- 3. If "yes," do you have a recorded right of way or maintenance agreement?
- 4. Are you aware of any shared or common areas (driveways, bridges, docks, walls, etc.) or maintenance agreements?
